Article 21 (EA 27)  
**Prohibition of Fiscal Discrimination**

1. The Parties shall refrain from any measure or practice of an internal fiscal nature establishing, whether directly or indirectly, discrimination between the products of one Party and like products originating in the territory of the other Party.

2. Products exported to the territory of one of the two Parties, may not benefit from repayment of internal indirect taxation in excess of the amount of indirect taxation imposed on them.

Article 22 (EA 28)  
**Customs Unions, Free-Trade Areas, Cross-Border Arrangements**

1. This Agreement shall not preclude the maintenance or establishment of customs unions, free-trade areas or arrangements for frontier trade except insofar as they alter the trade arrangements provided for in this Agreement. This Agreement shall in particular not affect the implementation of the specific arrangements governing the movement of goods laid down in frontier agreements previously concluded between one or more Member States and the Socialist Federal Republic of Yugoslavia and succeeded to by the Republic of Slovenia.

2. Consultations between the Parties shall take place within the Cooperation Council concerning agreements establishing such customs unions or free-trade areas and, where requested, on other major issues related to their respective trade policies towards third countries. In particular in the event of a third country acceding to the Community, such consultations shall take place so as to ensure that account is taken of the mutual interests of the Community and Slovenia stated in this Agreement.

Article 23 (EA 29)  
**Exceptional Tariff Measures**

Exceptional measures or limited duration which derogate from the provisions of Article 5 and Article 20(1) may be taken by Slovenia in the form of increased customs duties.

These measures may only concern infant industries, or certain sectors undergoing restructuring
or facing serious difficulties, particularly where these difficulties produce major social problems.

Customs duties introduced by these measures on imports into Slovenia of products originating in the Community may not exceed 25 per cent ad valorem and must maintain an element of preference for products originating in the Community. The total value of imports of the products which are subject to these measures may not exceed 15 per cent of total imports from the Community of industrial products as defined in Chapter I, during the last year for which statistics are available.

The measures shall be applied for a period not exceeding five years unless a longer duration is authorized by the Cooperation Council. They shall cease to apply at the latest on the expiry of the transitional period.

No such measures may be introduced in respect of a product if more than three years have elapsed since the elimination of all duties and quantitative restrictions or charges or measures having equivalent effect concerning that product.

Slovenia shall inform the Cooperation Council of any exceptional measures it intends to adopt and, at the request of the Community, consultations shall be held in the Cooperation Council on such measures and the sectors to which they apply before they are put into effect. When adopting such measures, Slovenia shall provide the Cooperation Council with a schedule for the elimination of the customs duties introduced under this Article. This schedule shall provide for a phasing-out of these duties at equal annual rates starting at the latest two years after their introduction. The Cooperation Council may decide on a different schedule.

Article 24 (EA 30) Dumping

If one of the Parties finds that dumping is taking place in trade with the other Party within the meaning of Article VI of the GATT 1994, it may take appropriate measures against this practice in accordance with the Agreement on Implementation of Article VI of the GATT 1994, its own related internal legislation and the conditions and procedures laid down in Article 28.

Article 25 (EA 31) General Safeguard Clause

Where any product is being imported in such increased quantities and under such conditions as to cause or threaten to cause:

- serious injury to domestic producers of like or directly competing products in the territory of one of the contracting Parties; or
- serious disturbances in any sector of the economy or difficulties which could bring about serious deterioration in the economic situation of a region,

the Community or Slovenia, whichever is concerned, may take appropriate measures under the conditions and in accordance with the procedures laid down in Article 28.
Article 26 (EA 32)  
**Shortage Clause**  
Where compliance with Articles 8 and 20 leads to:  

- re-export to a third country of a product in respect of which the exporting Party maintains quantitative export restrictions, export duties or measures or charges having equivalent effect, or  
- a serious shortage, or threat thereof, of a product essential to the exporting Party,  

and where the situation described above give rise, or are likely to give rise, to major difficulties for the exporting Party, that Party may take appropriate measures under the conditions and in accordance with the procedures laid down in Article 28. The measures shall be non-discriminatory and shall be abolished when conditions no longer justify their maintenance.

Article 27 (EA 33)  
**State Monopolies**  
The Member States and Slovenia shall progressively adjust any State monopolies of a commercial character so as to ensure that, by the end of the fourth year following the entry into force of this Agreement, no discrimination regarding the conditions under which goods are procured and marketed exists between nationals of the Member States and of Slovenia. The Cooperation Council will be informed about the measures adopted to attain this objective.

Article 28 (EA 34)  
**Procedures**  
1. In the event of the Community or Slovenia subjecting imports of products liable to give rise to the difficulties referred to in Article 25 to an administrative procedure having as its purpose the rapid provision of information on the trend of trade flows, it shall inform the other Party.  

2. In the cases specified in Articles 24, 25 and 26, before taking the measures provided for therein or, in cases to which paragraph 3(d) applies, as soon as possible, the Community or Slovenia, as the case may be, shall supply the Cooperation Council with all relevant information, with a view to seeking a solution acceptable to the two Parties.  

In the selection of measures, priority must be given to those which least disturb the functioning of this Agreement.  

The safeguard measures shall be notified immediately to the Cooperation Council and shall be the subject of periodic consultations within that body, notably with a view to establishing a timetable for their abolition as soon as circumstances permit.  

3. For the implementation of paragraph 2, the following provisions shall apply:  

   (a) As regards Article 25, the difficulties arising from the situation referred to in that Article shall be referred for examination to the Cooperation Council, which may
take any decision needed to put an end to such difficulties.

If the Cooperation Council or the exporting Party has not taken a decision putting an end to the difficulties or no other satisfactory solution has been reached within thirty days of the matter being referred, the importing Party may adopt the appropriate measures to remedy the problem. These measures must not exceed the scope of what is necessary to remedy the difficulties which have arisen.

(b) As regards Article 24, the Cooperation Council shall be informed of the instance of dumping as soon as the authorities of the importing Party have initiated an investigation. Where no end has been put to the dumping within the meaning of Article VI of the GATT 1994 or no other satisfactory solution has been reached within thirty days of the matter being referred to the Cooperation Council, the importing Party may adopt the appropriate measures.

(c) As regards Article 26, the difficulties arising from the situations referred to in that Article shall be referred for examination to the Cooperation Council.

The Cooperation Council may take any decision needed to put an end to the difficulties. If it has not taken such a decision within thirty days of the matter being referred to it, the exporting Party may apply appropriate measures to the export of the product concerned.

(d) Where exceptional circumstances requiring immediate action make prior information or examination, as the case may be, impossible, the Community or Slovenia whichever is concerned may, in the situations specified in Articles 24, 25 and 26, apply forthwith the safeguard measures strictly necessary to deal with the situation and inform the Cooperation Council immediately.

Article 29 (EA 35)

Protocol 4 lays down rules of origin for the application of tariff preferences provided for in this Agreement.

Article 30 (EA 36)

Restrictions Authorized

This Agreement shall not preclude prohibitions or restrictions on imports, exports or goods in transit justified on grounds of public morality, public policy or public security; the protection of health and life of humans, animals or plants; the protection of exhaustible natural resources; the protection of national treasures of artistic, historic or archaeological value or the protection of intellectual, industrial and commercial property, or rules relating to gold and silver. Such prohibitions or restrictions shall not, however, constitute a means of arbitrary discrimination or a disguised restriction on trade between the Parties.

Article 31 (EA 37)

The application of this Agreement shall be without prejudice to Council Regulation (EEC) No. 1911/91 of 26 June 1991 on the application of the provisions of Community law to the Canary Islands.
TITLE III
Payments, Competition and Other Economic Provisions

Article 32 (EA 62)
The Parties undertake to authorize, in freely convertible currency, any payments on the balance of payments current account to the extent that the transactions underlying the payments concern movements of goods, services or persons between the Parties which have been liberalized pursuant to this Agreement.

Article 33 (EA 65)
1. The following are incompatible with the proper functioning of this Agreement, insofar as they may affect trade between the Community and Slovenia:

   (i) all agreements between undertakings, decisions by associations of undertakings and concerted practices between undertakings which have as their object or effect the prevention, restriction or distortion of competition;

   (ii) abuse by one or more undertakings of a dominant position in the territories of the Community or of Slovenia as a whole or in a substantial part thereof;

   (iii) any public aid which distorts or threatens to distort competition by favouring certain undertakings or certain products.

2. Any practices contrary to this Article shall be assessed on the basis of criteria arising from the application of the rules of Articles 85, 86 and 92 of the Treaty establishing the European Community.

3. The Cooperation Council shall, within three years of the entry into force of this Agreement, adopt the necessary rules for the implementation of paragraphs 1 and 2. Until the implementing rules are adopted, practices incompatible with paragraph 1 shall be dealt with by the Parties on their respective territories according to their respective legislation. This shall be without prejudice to paragraph 6.

4. (a) For the purposes of applying the provisions of paragraph 1(iii), the Parties recognize that during the first four years after the entry into force of this Agreement, any public aid granted by Slovenia shall be assessed taking into account the fact that Slovenia shall be regarded as an area identical to those areas of the Community described in Article 92(3)(a) of the Treaty establishing the European Community. The Cooperation Council shall, taking into account the economic situation of Slovenia, decide whether that period should be extended by further periods of four years.

   (b) Each Party shall ensure transparency in the area of public aid, *inter alia*, by reporting annually to the other Party on the total amount and the distribution of the aid given and by providing, upon request, information on aid schemes. Upon request by one Party, the other Party shall provide information on particular individual cases of public aid.
5. With regard to products referred to in Chapters II and III of Title II:

- paragraph 1(iii) shall not apply;
- any practices contrary to paragraph 1(i) must be assessed according to the criteria established by the Community on the basis of Articles 42 and 43 of the Treaty establishing the European Community and in particular of those established in Council Regulation No. 26/1962.

6. If the Community or Slovenia considers that a particular practice is incompatible with the terms of paragraph 1, and:

- is not adequately dealt with under the implementing rules referred to in paragraph 3; or
- in the absence of such rules, and if such practice causes or threatens to cause serious injury to the interests of the other Party or material injury to its domestic industry, including its services industry,

it may take appropriate measures after consultation within the Cooperation Council or after thirty working days following referral for such consultation.

In the case of practices incompatible with paragraph 1(iii), such appropriate measures may, where the WTO Agreement applies thereto, only be adopted in accordance with the procedures and under the conditions laid down by thereby and any other relevant instrument negotiated under its auspices which are applicable between the Parties.

7. Notwithstanding any provisions to the contrary adopted in accordance with paragraph 3, the Parties shall exchange information taking into account the limitations imposed by the requirements of professional and business confidentiality.

8. This Article shall not apply to the products covered by the Treaty establishing the European Coal and Steel Community which are the subject of Protocol 2.

Article 34 (EA 66)

1. The Parties shall endeavour wherever possible to avoid the imposition of restrictive measures, including measures relating to imports for balance of payments purposes. A Party adopting such measures shall present as soon as possible to the other Party a timetable for their removal.

2. Where one or more Member States of the Community or Slovenia is in serious balance of payments difficulties, or under imminent threat thereof, the Community or Slovenia, as the case may be, may, in accordance with the conditions established under the WTO Agreement, adopt restrictive measures, including measures relating to imports, which shall be of limited duration and may not go beyond what is strictly necessary to remedy the balance of payments situation. The Community or Slovenia, as the case may be, shall inform the other Party forthwith.

3. Any restrictive measures shall not apply to transfers related to investment and in particular to the repatriation of amounts invested or reinvested or any kind of revenues stemming therefrom.
Article 35 (EA 67)
With regard to public undertakings, and undertakings to which special or exclusive rights have been granted, the Cooperation Council shall ensure that as from the third year following the date of entry into force of this Agreement, the principles of the Treaty establishing the European Community, in particular Article 90 thereof, and the principles of the concluding document of the April 1990 Bonn meeting of the Conference on Security and Cooperation in Europe, in particular entrepreneurs’ freedom of decision, are upheld.

Article 36 (EA 68)
1. Pursuant to the provisions of this Article and Annex X, the Parties confirm the importance that they attach to ensure adequate and effective protection and enforcement of intellectual, industrial and commercial property rights.

2. By the end of the third year after the entry into force of this agreement, and in any case from the entry into force of the Europe Agreement, Slovenia shall protect intellectual, industrial and commercial property rights at a level of protection similar to that provided in the Community by Community acts, in particular the ones referred to in Annex X, including effective means of enforcing such rights.

3. Each Party shall be bound to take the measures involved in carrying out the decision referred to in paragraph 2.

4. In the event of it not being possible to settle the dispute in accordance with paragraph 2, either Party may notify the other of the appointment of an arbitrator; the other Party must then appoint a second arbitrator within two months. For the application of this procedure, the Community and the Member States shall be deemed to be one party to the dispute.

   The Cooperation Council shall appoint a third arbitrator.

   The arbitrators’ decisions shall be taken by majority vote.

2. If either Party considers that the other Party has failed to fulfil an obligation under this Agreement, it may take appropriate measures. Before so doing, except in cases of special urgency, it shall supply the Cooperation Council with all relevant information required for a thorough examination of the situation with a view to seeking a solution acceptable to the Parties.
